CHARGER MSX 5.0 TEST&CHARGE

Code: **MAA02XXXX0040**

The advanced analysis functions of the MXS 5.0 are further expanded by this TEST & CHARGE version dedicated to the most demanding drivers. At the push of a button, the Charger becomes an efficient Battery Tester, capable of analyzing the Charge State and its Efficiency at Start-up in a few simple steps. It is also able to verify the correct operation of the alternator and the charging system. The TEST & CHARGE offers the results of battery analysis in a visual form of immediate comprehension. All other features (temperature compensation excluded) are the same as those of the MXS 5.0 model.
