

CAR / TRUCK > AUTO / AUTOCARRO - LIFTERS

**CRIC FOR FORKLIFT TROLLEYS
454000**Code: **MOF01XXXI0000**

Versatility is the strong point of this powerful and compact hydraulic lift. It has in fact two lifting points: the front one is very low (65 mm) with a capacity of 4 Ton for use with forklift trucks, the rear one is very high (425 mm) with 5 Ton capacity, to operate on agricultural tractor frames. The valve with universal joint allows the release of the load gradually and in maximum safety.
