**TYRE CHANGER ASP 55**Code: **ASM01XSXX0199**

Automatic «Lever-Less» tyre changer, new in its innovative and unique concept, specifically designed for industry professionals and suitable to handle oversized and heavy car and van wheels having rim from 10" to 26". The new product range, adds to the traditional, reliable and economically convenient turntable clamping system, an extra-rigid vertical post equipped with the Teco patented automatic «Lever-Less» mounting head. ASP 55 is standard supplied with the new and patented automatic device TPH, which assists the operator to easily mount and demount particularly tough or low profile tyres such as «Run-Flat». The adoption of this device, coupled with the optional accessories UMA and US TPH, makes this machine ideal to handle also the largest custom bike and Harley wheels. Standard supplied in 2 speed version with 2-speed turntable (only for 3-phase models), ASP 50 is also available with the tubeless inflating device (t.i. version) and in configuration with the motor inverter (MI version).
