CHARGER CT5 START/STOP

Code: **MAA02XXXX0026**

The CT5 Start / Stop model designed to make it even easier and more enjoyable without having to set up a specific program and providing only the essential information for the user. The exclusive CTEK technology, which has developed a special cycle for EFB and AGM batteries that equips modern vehicles equipped with Start & Stop systems. In fact, these batteries require different levels of charge than those of standard batteries, and the frequent use of a specific battery charger extends the life of the battery.
