LIFT SL500

Code: **ASO05XXXX0006**

SL 500 is a motorcycle lift with cantilevered front wheel stop to facilitate the positioning of the bike, with manual clamp in the lowered version as standard on all models. Sliding system on solid rollers and completely retractable slide to cancel the ground footprint when the bench is raised. Pins complete with greasers and removable rear window to facilitate wheel extraction. Equipped with central anti-slip protection in aluminum and storage trays for objects as standard. Equipped with mechanical rack toothed safety.
