## SMONTAGOMME SA800

Code: **ASM01XSXX0205**

The SA800 No Contact Super Automatic Tire Bead Breaker represents an innovative and high-performance solution for the industry, designed to operate on all types of wheels from 13" to 32". Thanks to the pre-selection of the wheel diameter and the automatic positioning with respect to the AUTOMATIC REVOLVER, it offers an extremely simple, precise, and safe work experience. The synergy between the wheel axis movement and the AUTOMATIC REVOLVER guarantees excellent results, minimizing manual interventions and increasing productivity. Advanced systems, including a continuously active CAMERA, ensure impeccable results without risking damage to the rims or tires.
