CAR / TRUCK > CAR / TRUCK - IMPACT WRENCHES

SCREWER IR 295A-6 FROM 1

Code: **MUT02ACXX0070**

The 295 series combines exceptional power, control and resistance. It provides a maximum torque of 2,400 Nm, an idle speed of 5,250 rev / min at 120 psi (8.3 bar) and presents a highly efficient motor to 6 blades. The 360 ° swivel inlet makes kinked hoses a thing of the past. The back 285B handle provides excellent maneuverability, providing an anvil extended by 6 "for even greater accessibility. The 295A standard auxiliary handle allows you to make difficult operations underbody.
